AUG 12 1997
SECRETARY

Wilmington, IL

Sect. Donald Clark
Washington, DC

Mr Clark:

Please! Do Not let the slogan "Made in the U.S.A." fall by the wayside.

Too many of us have worked too long and now look too hard for that slogan. To us who search for it each time we shop it is too hard to find.

We who believe in it do not like shoddy materials and work.

It is a slogan to be proud of! Put Americans back to work!

Sincerely

Dorothy Beasley
