Dear Federal Trade Commission:

I am writing concerning HRC 80 in urging you to maintain the current regulations for the "Made in USA" label. I have always been very proud to be a citizen of this great country & have always supported our own industries - I always look for the "made in USA" label when making purchases. I would like to be assured that when I purchase something "made in USA" that it is indeed made in the USA (95-100%) at least.

Sincerely,

Anna A Shove
