

Dear Sir,

We have 2 daughters that are contact lens wearers. First, I want to say, that I support the new Contact Lens Law. It has been so convenient to purchase their contacts from reputable, but well-priced, businesses of our choosing. We had to change eye doctors at one point because that doctor refused to let us have the prescription and buy contacts from anyone but him. Of course, his price for the contacts was almost double the price for the exact same brand somewhere else. Please, just as we are provided our glasses prescriptions from our doctor, help us to also get our contact lens prescriptions.

Thanks so much,
Marilyn Easley
