

dear sir..please free the contact info to consumers. the optical records should be like medical records, and transferable by the patients request. it will save time, money, and protect the contact wearers from undo lapses in their prescriptions. thank you ...djbensyl

...cheers <<http://graphics.hotmail.com/embeer.gif>> , d.j. bensyl

Frustrated with dial-up? Lightning-fast Internet access for as low as \$29.95/month.
