

I support the new contact lens law 100%. So far I have been lucky in that my eye doctor has provided me with my prescription and I have been able to purchase my contacts where ever I wish. I can not always get to the eye doctors office and it is great to have them delivered straight to my door. It also is nice to be able to shop around. With the economy the way it is, I am always looking for ways to stretch my dollar.

Thank You
