**I strongly support the new Contact Lens Law. I should have the right to purchase my contacts where and how I want.**

**I pay the eye doctor for my examination and expect to receive my prescription included in that price. If this same eye doctor has a competitive price then common sense says I would purchase from him/her. On the other hand, if they have laws behind them that allows them to price gouge then that is wrong.**

**There are enough laws in this country that prohibit free rights and opportunity..... don't add to the list....**

**Thank you,  
Dixie Murphy**
