Subject: Contact Lens Prescription Law

Dear Sir/Madam:

I fully support the new Contact Lens Law. I was very glad to receive the correspondence from 1-800-Contacts regarding the new law. Last year I went for an eye exam since it had been many years since I had updated my eyeglass and contact prescription. I was very surprised with the doctor's reply after I asked for the contact prescription and his reply was "just call our office and we'll get them for you. You'll have them within a few days". I felt strange asking why I couldn't just get the prescription now to have in my possession. It is much clearer to me now after hearing about the law and that it is violation to prohibit contact lens wearers from obtaining their own contact lens prescription.

Thank you for your efforts!
