Subject: Contact Lens Law

I support the new Contact Lens Law. I want the same rights that eye glass wearers have. Currently, I must ask my doctor for my contact lens prescription, usually a couple of times, before I get it. This is time-consuming for me. I have enough to do without having to add this to my to-do list.

Allowing consumers to purchase contact lenses from sources other than an eye doctor is a consumer-friendly way of keeping the prices down.
