Dear FTC -

Re: Fairness to Contact Lens Consumers Act of 2003

I have been a contact lens wearer for ten years and an eyeglass wearer for thirty years. I wholeheartedly support my rights as a consumer, and the rights of all consumers, to obtain a written copy of my contact lens prescription from my eye doctor and, more importantly, for me to then be able to purchase my contact lenses anywhere I deem best. Please resist the efforts of the eye doctors to limit this freedom - and please continue to act on behalf of all consumers for our benefit. Please protect the freedom to buy contact lenses wherever contact lens wearers want. Thank you.

Sincerely,

Erik Schilperoort
