**To:** CONTACTLENSRULE  
**Subject:** Fairness to Contact Lens Consumers Act of 2003

As a contact lens wearer, I support this law. I want to be able to continue to buy my contact lenses from whomever I choose. The last time I bought lenses from a doctor, I paid a much higher price for the same lenses. I think that this law protects the consumer by having more affordable choices available than profit maximizing doctors. Please keep this law in force for all us contact lense wearers.

Sincerely,

Steve Holmes
