Subject: Fairness to Contact Lens Consumers Act of 2003

FTC,
Leave the Fairness to Contact Lens Consumers Act of 2003 alone. As a wearer of contact lenses I have the right to my prescription so that I may purchase them as I would glasses: at a retailer of my choosing. Also, because I have my prescription with me I need only use the internet or pick up the phone to order a new pair any time. No doctors visits or having to go to the doctors office because the lenses are delivered FAST to my door.

Sincerely,
Julie Rodgers contact lense wearer for 20 yrs.
