Subject: My rights to buy contact lens wherever I want

***I would like to go on record that I like being able to buy my contact lens wherever I can get the best deal for the very same product. I have always been able to do this with my glasses and have been able to do this with my contacts for about 3 years now. I do not want someone telling me I have to pay a higher price for the sme brand/product that I can find elsewhere at a lesser price. Please do not change the current law giving me these rights and then take away from me.
Thank you, Rebecca Rawson***
