I just want to comment on the issue of Eye Drs. not giving you your prescription to do as you wish. I feel I have the right to expect convenience and fast service when ordering contact lenses. I really don't want these rights taken away from me. I feel this is not fair that I can not choose where I want to purchase my lenses, if I can find faster service and alternative sources. Please do not limit my rights. Thank you for listening to one of many who I believe agrees.
