**Subject:** Oppose waiting period for contact lenses

I oppose the Federal Trade Commission's part of the proposed rule which could make me wait days for my lenses before they can be shipped!

Consumers have a right to expect convenience and fast service when ordering contact lenses and I don't want these rights taken away. The Federal Trade Commission needs to know that consumers like me value convenience and fast service.

It is important to me to have the freedom to obtain my lenses quickly and easily and having to wait days for my lenses could be a problem for me, especially if circumstances require next day service.

Therefore, I ask you to consider the consumer before making a mistake like such as the one proposed.

Sincerely,
