Subject: Contact Lens Rule, Project No. 411002

I'd like to tell you that I oppose any part of the proposed Contact Lens Rule which could make me wait days for my lenses.

It is important to me to have the freedom to obtain my lenses quickly and easily. Having to wait days for my lenses could be a problem, especially if circumstances require next day service. My personal experiences in attempting to purchase contact lenses quickly and easily from alternative sources, such as 1-800-Contacts, has convinced me that a waiting period is not a good idea.

I frequently travel on business and have been caught off guard by not having extra contact lenses with me. Sources such as 1-800-Contacts allow me to request next day delivery regardless of my location. Having to deal with restrictions that would require a waiting period would cause me extreme grief since I am totally dependent on my contacts.

I would appreciate that you consider my wishes as a consumer whoe has had tremendous experiences dealing with sources that allow me to quickly acquire my contact lenses.

Thanks,

Kevin P. Alexander
