Subject: Contact Lens Rule, Project No. 411002

Hello,

I am sending this note to let you know that I totally support the Fairness to Contact Lens Consumers Act of 2003. My eye doctor has not been providing me with my contact len prescription unless I request it. I pay the eye doctor for a service and I agree that I should have the right to purchase my contact lenses from businesses other than my eye doctor if I so choose.

Again, I support this law that allows me to shop for my contact lenses from the company I choose. I normally purchase some lenses from my eye doctor at the time of the exam but I prefer the ease of purchasing additional lenses without returning to the doctor's office. Purchasing my additional lenses requires a current prescription and I oppose any restriction to my prescription information.

Regards,

Gary Northup
