Subject: Contact lense waiting period before shipping

To Whom It May Concern,

I am writing in regards to the rule which would require the supplier of contacts to wait a period of days before sending out the contacts. Why would you want to do that anyway? Just leave it as it is. That's why I like the service. I can order the lenses and have them in a few days. My supplier has been very professional in all areas of my safety. This is not needed. Stop interfering with a system that already works just fine. *****Wm. Franks
