Subject: Contact lenses

I go to my eye dr. and get examined for contacts. They charge more money for the lenses then ordering them via a place such as 1-800-contacts.

Contact lenses need to know if they need a pair of contacts, they can be obtained as soon as possible.

1-800-contacts has always been professional. Has always inquired as to the name of my Dr. and asked my permission to contact them.

Please do not make any changes that would make it difficult to obtain lenses. Thank you.
