Subject: Fairness to Contact Lens Consumers Act of 2003

I support this law because it is important to me that it be as easy and as convenient as possible for me to purchase my contact lens from whomever I choose. The optometrist should provide my prescription in the same manner that my family physician does. This also means that I can buy my prescription, be it medicines or contact lens, wherever I want. Please maintain the provisions of this act. Thank you for your time and consideration in this matter.
