Subject: Contact Lens Consumers Act of 2003

To whom it may concern,

I support the new law that allows me to obtain my contact lens prescription and to buy my contacts where I choose. I have worn contacts for over 20 years and was thrilled when this law was passed. It should be just as easy to get your contact lens prescription as it is to get an eyeglasses prescription... although that is not always the case. It doesn't take a rocket scientist to know that some eye doctors want to change this because it takes money out of their pockets....MY MONEY!!! Please do not let them take any more of my money then they already do.

Thank You,
Sharol Jones
