**Subject:** Fairness to Contact Lens Consumers Act of 2003

I have been wearing contact lens for 25+ years. I have been buying my lens from discount warehouses for 24 years - as son as I learned about them. I have never had a problem with my lens or the health of my eyes.

Please, DO NOT LIMIT MY RIGHT TO CONTINUE TO HAVE THE CONVENIENCE/ABILITY TO PURCHASE MY CONTACT LENS FROM THE VENDOR OF MY CHOICE.

The is clearly an economic concern on the part of the eye doctors who are lobbying for restrictions. Do not allow their economic concerns to take precedence over the welfare or economic concerns of the consumer. If you pass the restrictions the eye doctors are asking for, this is what you will be doing.
