OK

I support the law which gives me the right to my contact lens prescription. I want buying my lenses to be easy and convenient and I want the freedom to choose where I buy them.

I have always had to sign a Contact Lens Prescription and Release Form from my eye doctor. I found it to be a pain just to ask for my prescription.

I recently found out that due to Oklahoma state regulations, I'm not able to purchase contact lenses through a discount location unless the place of business has a licensed practitioner on location. I travel to Texas about every two weeks, found out I can get contact lenses at Wal-Mart or Sams Warehouse with just a copy of my prescription. When I'm not traveling and need lenses I conveniently order online through 1800 contacts, just faxing my prescription. I hope this Consumers Act will change things here in Oklahoma.

Thank You,
