I support the new law. (Fairness to Contact Lens Consumers Act of 2003)
I support the law which gives me the right to my contact lens prescription.

I want buying my lenses to be easy and convenient and I want the freedom to choose where I buy them. It is easy to purchase them thru the internet using the contact lens provider that I have chosen.

In the past, I have always been able to obtain a copy of my contact lens prescription and I would like that practice to continue. I don't think it is fair for the eye doctor to make it mandatory for you to purchase your contact lens thru his office. Normally, eye doctors inflate their prices to make an extra profit. That is unfair to the consumer.

Thank you,
